Instructions:

- (a) In Column 1, insert the total amount of the proposed development, by land use categories as set forth.
- (b) In Columns 2 through 4, multiply the amount of development by land use category by the applicable Development Impact Fee for that land use category as set forth in the individual public facility Development Impact Fee ordinances currently in effect. (Note that not all land use categories will be filled in for a particular development and therefore that Development Impact Fees need not be calculated for all land use categories listed in Column 1. Note also that not all Development Impact Fees apply to every category of land use, e.g., the Park and Recreation Facilities Development Impact Fees apply only to residential development)
- (c) At the bottom of Columns 2 through 4, the total Development Impact Fees by public facility will be shown.
- (d) In Column 5, the total Development Impact Fees for all public facilities by land use category will be shown.
- (e) At the bottom of Column 5, the "grand total" of all Development Impact Fees to be imposed on the proposed development will be shown.
