Ms. Guenther reviewed background information on the property and that it is the south storefront of a contributing building in the National Register Sandusky Street Historic District. The property was recently purchased in 2017 by the applicants, who rehabilitated the first floor to establish their new business, an events venue called “Gather” in late 2018. She reviewed their plans to renovate the exterior of the building and improve the appearance of the existing aluminum storefront. She reviewed the applicants plans to:

- a. Install wood transom-style windows with wood trim above storefront canopy and paint wood surfaces
- b. Replace canopy roof
- c. Remove aluminum column panels to expose underlying brick columns and repair brick and mortar on columns as needed
- d. Improve storefront brick face base by installing inset wood panels
- e. Paint aluminum mill finish on storefront window trim and entry door
- f. Replace exterior aluminum entry door to the second floor with a wood entry door with 50% glass
- g. Repair roofline area.

APPLICANT:

B. DISCUSSIONS/PRESENTATIONS

(1) Fiberglass-Clad Windows –

Ms. Van Gundy discussed the original request to consider fiberglass-clad windows in the Historic District and that it would provide a new material option and more affordable opportunities to owners. She also discussed that this window has been approved in other historic areas. She reviewed what was learned at the presentation by the Marvin Windows Representative regarding the windows.

Ms. Riviera clarified that if property owners used fiberglass windows then they would not qualify for the façade improvement grant, but still gives owners the option to have a different type of savings.

Ms. Hering voiced her support of the fiberglass windows and is comfortable with the due diligence of other communities for use in standards.

Vice-Chairman Coleman discussed the need to determine from the list provided by the Marvin Representative to which windows are built to last and which ones are economy windows.

Chairman Hatten discussed the need to follow the standards that are set by U.S. Secretary and Interior and that the current standards have been successful for the past 20 years and other property owners have had to follow these same standards. He discussed that there has only been one case that requested this in the past.

Vice-Chairman Coleman discussed being open to the idea of the fiberglass windows, but would like more information and evidence that the materials are holding up. Mr. Nicley discussed the difference of opinions on the Commission regarding the windows and feels that the Commission should take some time to see how the product holds up. Ms. Hering recommended reaching out to connections at the State Historic Preservation Office on the status of fiberglass windows. Mr. Nicley recommended reaching out to other Commissions that have approved the windows and what their process was. The Commission was in agreement to allow the topic to remain on the table for further discussion.

AGENDA ITEM NO: CONSENT ITEM D DATE: 10/28/2019
ORDINANCE NO: RESOLUTION NO: 19-46
READING: FIRST PUBLIC HEARING: NO

TO: Mayor and Members of City Council
FROM: R. Thomas Homan, City Manager
VIA: William L. Ferrigno, P.E., Public Works Director/City Engineer

TITLE OF PROPOSED ORDINANCE/RESOLUTION:

A RESOLUTION AUTHORIZING THE MODIFICATION OF CERTAIN TRAFFIC CONTROL SIGNAGE TO EXTEND THE NO PARKING ZONE ON THE NORTH SIDE OF BENJAMIN STREET TO 50 FEET WEST OF SOUTH HOUK ROAD AND ON THE SOUTH SIDE OF BENJAMIN STREET FROM SOUTH HOUK ROAD TO HUTCHINSON STREET AND TO REDUCE THE EXISTING NO PARKING ZONE ON THE NORTH AND SOUTH SIDES OF BENJAMIN STREET WEST OF HUTCHINSON STREET TO 10-FEET WEST OF THE CROSSWALK.

BACKGROUND:

Residents that attended the Neighborhood Speeding Meeting on September 16, 2019 voiced concerns of the maneuverability of vehicles turning from South Houk Road onto Benjamin Street. Staff reviewed the prohibited standing or parking places per codified ordinance 351.03 and recommended that no parking signage be installed per the ordinance on Benjamin Street at South Houk Road and at the Benjamin Street and Hutchinson Street intersection. Due to the close proximity of the two (2) intersections, it was also recommended that the parking restrictions extend along the north and south side of Benjamin Street between South Houk Road and Hutchinson Street. At the Parking & Safety Committee meeting on October 21, 2019, residents voiced concerns that the recommended parking restrictions would result in limited on-street parking for properties that front this section of Benjamin Street and that they bought properties with the expectation of having parking along the street. The

Committee compromised and recommended that the no parking zone on the north side of Benjamin Street only extend 50-feet west of South Houk Road and on the southside of Benjamin Street from South Houk Road to Hutchinson Street. They also recommended that the existing no parking zone on the north and south sides of Benjamin Street west of Hutchinson Street be reduced to 10-feet west of the crosswalk. These zones have been depicted on the attached Exhibit A.

REASON WHY LEGISLATION IS NEEDED:

The placement of regulatory signage requires City Council authorization for permanent enforcement.

COMMITTEE RECOMMENDATION:

The action is being taken as a result of the Parking and Safety Committee recommendation at the October 21, 2019 meeting.

FISCAL IMPACT(S):

The cost of materials and labor to install these signs is estimated at \$150.00 to come out of the Public Works Traffic Division annual operating budget.

TITLE OF PROPOSED ORDINANCE/RESOLUTION:

A RESOLUTION ESTABLISHING GUIDELINES FOR PROPOSED DEVELOPER INITIATED NEW COMMUNITY AUTHORITIES.

BACKGROUND:

10/28/2019 UPDATE: At the October 14th Council meeting, Councilman Hellinger expressed concerns about Section 5 of the proposed guidelines. If Council wishes to make an amendment to strike that section, staff believes it would have minimal impact on the rest of the guidelines.

10/14/2019: City council directed Staff and a working group from Council (Councilman Jones and Councilman Shafer) to work on drafting guidelines related to any future proposed developer driven New Community Authority (NCA) in order to provide a framework for and basic expectations to developers as well as the administration and Staff when considering such proposals.

REASON WHY LEGISLATION IS NEEDED:

Proposed are guidelines for developer driven NCA's. The guidelines are indeed just that – guidelines rather than law. They are intended to help developers understand the foundational expectations of the city for developer driven NCA's, assist the Administration in working with the developer in this regard and allow City Council a basis from which to begin to evaluate a proposed NCA. City Council would reserve the right to evaluate any and all proposed NCA on a case

by case basis as they deem appropriate to the request. However, setting a basis for expectations would provide needed guidance to all parties involved.

RESOLUTION NO. 19-47

A RESOLUTION ESTABLISHING GUIDELINES FOR
PROPOSED DEVELOPER INITIATED NEW
COMMUNITY AUTHORITIES.

WHEREAS, a New Community Authority (NCA) is a development tool in which a charge is placed on property and used to pay for development expenses; and

WHEREAS, this charge appears on residents' property tax bill which can impact residents' view of their city tax burden and lead to calls to the city asking about the charge; and

WHEREAS, the City of Delaware currently has two city initiated New Community Authorities to pay for infrastructure installed by the City; and

WHEREAS, City Council desires to establish guidelines for future developer initiated NCAs to provide advance notice to developers, and

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF DELAWARE, OHIO THAT:

SECTION 1. City Council will apply the following guidelines in evaluating requests to establish a New Community Authority. Council may deviate from these guidelines if it is in the best interest of the City:

1. NCA will not generally be approved to reimburse for building cost of items already built/installed.
2. NCA will not be approved to reimburse for the cost of items typically required to be paid by developer, including but not limited to on-site local roads and utility lines.
3. The City will consider approving NCAs to cover amenities and infrastructure which have demonstrable utility above and beyond that which is required for the development as determined by the City. Amenities and infrastructure must have a recognizable direct value to the residents living in the authority or consist of major pieces of public infrastructure that have utility for more than just the development as determined by the City Council.
4. Length of time: City prefers NCAs with a time limit that has the effect of eliminating the additional charge sooner rather than later.

3. The primary access to the development shall be from Peachblow Road at a proposed roundabout to be constructed in the future by the Delaware County Engineer (a fair share amount would be paid by developer per the County's requirements) for the subject development and the proposed developments located south of Peachblow Road in the County. If the County Engineer does not construct the proposed

the roundabout prior to the developer initiating construction of the subject development, the proposed access point to Peachblow Road shall be a traditional intersection with a stop sign.

The final details of each tot lot and active open spaces shall be reviewed and approved with every Final Development Plan and Final Subdivision Plat. All open spaces shall be owned and maintained by the homeowner's association but allow public access.
8. A minimum 3-6-foot-high mound with landscaping shall be located along both sides of Winterbourne Drive to be consistent with the roadway treatment in the Communities of Glenross and a 3-6 high mound with landscaping shall be located along Peachblow Road to be consistent with the treatment along Belmont Place.
9. The setback shall range from 25 feet at lot 220 to 230 feet at lot 227 (on the Preliminary Subdivision Plat) per the approved plan in Ordinance 19-31.
10. Along the northeastern and north property line to existing single family house, the setback and buffering from lot 220 (east) to lot 215 (north) (on the Preliminary Subdivision Plat) shall have a 25 foot setback that shall require a 3 to 4 high mound with a continuous screen of landscaping with minimum 6 foot high evergreen trees planted 20 feet on-center in staggered alignment per the approved plan in Ordinance 19-31.

REQUESTS

2019-2136: A request by Grden LLC for approval of a Preliminary Subdivision Plat for Winterbrooke Place containing 263 single family lots on approximately 102.1 acres zoned R-3 PMU (One-Family Residential District with a Planned Mixed Use Overlay District) and located on the north side of Peachblow Road just east of the Belmont Place Subdivision.

PROPERTY LOCATION & DESCRIPTION

The subject four parcels are located on the north side of Peachblow Road just east of the Belmont Place development and south of the Communities at Glenross development. The property to the north is zoned R-2 PMU (One-Family Residential District with a Planned Mixed Use Overlay District) and the property to the west is zoned PO/I PMU (Planned Office/Institutional District with a Planned Mixed Use Overlay District) in the City and the property to the east is zoned PRD (Planned Residential District) and the properties to the south are zoned FR-1 and PID (Planned Industrial District) in the township.

BACKGROUND/PROPOSAL

In June 2019, City Council approved a Rezoning Amendment, Conditional Use Permit and Preliminary Development Plan (Ordinances 19-29-31 respectively) for the subdivision. Also, the City accepted the annexation (Ordinance 19-32) of the subject property in June 2019.

Now the developer is requesting Preliminary Subdivision Plat approval for the 263 single family lots on approximately 102.1 acres for a density of 2.575 units per acre with just over 25% open space (25.5 acres). Primary access to the site would be from Peachblow Road at a proposed roundabout to be constructed by the Delaware County Engineer for the subject development and the proposed Berlin Meadows development located south of Peachblow Road in the County while secondary access would be from Belmont Place Subdivision to the west (to be constructed in Phase 1 of the development) and from Communities at Glenross to north through Winterbourne Drive (the date of the completion of the Communities at Glenross is unknown at this point).

STAFF ANALYSIS

- **ZONING:** The developer rezoned the property to R-3 PMU (Planned Mixed Use Overlay District) with development text to allow greater flexibility and creativity in the layout of the development, create active and passive open space and to be consistent with the Communities at Glencross south of Cheshire Road (zoned R-2 PMU with a density of approximately 2.31 units per acre) located to the north and Belmont Place (zone R-3 PMU with a density of approximately 2.75 units per acre in Sections 1-5) located to the east are both planned districts with similar uses and densities.
- **ENGINEERING** The Applicant needs to obtain engineering approvals, including any storm water and utility issues that need to be worked out through the Engineering and Utilities Departments. All comments regarding the layout and details of the project are preliminary and subject to modification or change based on a technical review by the Engineering Department once a complete plan set is submitted for review.

The developer is identifying storm sewer easements in open space areas (reserve areas) that requires mounding, tree planting and/or tree preservation per the landscape and tree preservation plans of the approved Preliminary Development Plan. These easements shall be relocated in rear yard of the adjacent single-family lots or the developer shall receive permission from the Utility, Engineering and Planning Departments to allow mounding and trees within these storm water easements.
- **ROADS AND TRAFFIC:** The proposed development requires a traffic impact study that would need to be approved by the City and the County (Peachblow Road is township road which is under county jurisdiction). The developer would be responsible for any improvements and/or financial obligations the subject residential development would have in the area per the City and/or County Engineer.

The primary access to the site would be from Peachblow Road at a proposed roundabout to be constructed in the future by the Delaware County Engineer (a fair share amount would be paid by developer per the County's requirements) for the subject development and the proposed developments located south of Peachblow Road in the County while secondary access would be from the Belmont Place Subdivision to the west through Ensigns Lane (to be constructed in Phase 1 of the subject development) and from the Communities at Glenross to the north through Winterbourne Drive (the date of the completion of the Communities at Glenross is unknown at this point). If the County Engineer does not construct the proposed roundabout prior to the developer initiating construction of the subject development, the proposed access point to Peachblow Road would be a traditional intersection with a stop sign.

Internally, the single access point from Peachblow Road would be extended north to connect with Winterbourne Drive in the Communities at Glenross Subdivision. Winterbourne Drive has not been extended to the subject developer's northern property line (from the Communities at Glenross) at the current time but is part of the plan. The developer shall extend Winterbourne Drive to the northern property line prior to building permit approval of the 208 single family lot (currently Phase 6) per the City Engineer. This road is a non-loaded connector road per the City Thoroughfare Plan. A secondary connection would be made to the west to connect an internal residential street to the Belmont Place Subdivision through the Ohio Health property. The Ohio Health panhandle lot could provide an access road to be extended from Peachblow Road north to the proposed future hospital location and maybe constructed in the future if needed. Also, an internal street would be stubbed to the property to the east (future Evans Farm development). The remainder of the streets would be residential in nature and would have to be constructed to public standards and achieve compliance with the minimum engineering requirements. Also, the development shall be in the Delaware South New Community Authority, subject to the single-family lot transportation fee (\$1,000 per dwelling unit) in effect at the time of building permit issuance and is subject to the South East Highland Sanitary Sewer additional capacity charge of \$3,200 per dwelling units.

- **SITE LAYOUT:** The layout is designed around the location of Winterborne Drive connection to the Communities at Glenross (along the northern portion of the subject site) that extends south to Peachblow Road with single family lots located east and west of the spine road. Of the proposed 263 single family lots, the developer is proposing 106 single family lots located east of Winterbourne Drive and 157 single family lots located west of Winterbourne Drive. The site is further complicated by being bisected by an overhead electric transmission easement that is 150 feet wide.

The developer is proposing 263 single family lots with 21 of the lots being 80 x130 (10,400 square feet), 130 lots being 65 x130 (8,450 square feet) and 112 lots being 52 x 130 (6,760). More specifically on the 106 single family lots located on the east side of Winterbourne Drive, there would be 41- 65x130 (8,450 square feet) lots located along the northeastern portion of the site adjacent to the Communities at Glenross and 65-52x130 (6,760 square feet) lots located just north of Peachblow Road. Of the 157 lots west of Winterbourne Drive, there would be 21- 80x130 (10,400 square feet) lots located along the northwestern portion of the site adjacent to the Communities at Glenross, 89-65x130 (8,450 square feet) lots located just east of the Belmont Place Subdivision and 47-52x130 (6,760 square feet) lots located just north of Peachblow Road.

In the proposed development, the front yard setback would be a minimum 25 feet for all lots and the minimum rear yard setback would be 30 feet for all lots. The side yard setbacks for 80-foot-wide lots would be 7.5 feet (15 feet total), for 65 foot lots would be 6.5 feet (13 feet total) and for 52 foot lots would be 5 feet (10 feet total). Patios, decks and other exterior improvements can extend 15 feet into the 30-foot rear yard setback per the approved development text. The minimum house size for an 80-foot-wide lot would be 2,000 square feet, for a 65 foot wide lot would be 1,800 square feet and for a 52 foot wide lot would be 1,500 square feet as written in the draft development text. Staff recommends for the 52-foot-wide lots, that one-story houses shall be 1,600 square feet minimum and two-story houses shall be 1,800 square feet minimum to be consistent with the Communities at Glenross smaller width lots. Also, to comply with the base zoning code, all the corner lots would be required to be oversized by 33% from the base lot size. Therefore, lot 127 shall be widened to 106 feet (80 feet x 33% = 26 feet additional lot width) to achieve compliance with minimum corner lot width requirements.

There are four proposed detention basins located within the development (three along Peachblow Road and one in the northwestern portion of the site) and 150-foot-wide power easement along the extreme southeastern

portion of the site. Also, there are nine reserve areas that total approximately 25.5 acres throughout the development and five of the reserve areas contain active open space (approximately 14.24 acres) In addition, a landscape buffer with mounds and trees is required along Winterbourne Drive to be consistent with the roadway treatment in the Communities of Glenross while preserving as many trees as possible and a landscape buffer with mounds and trees is required along Peachblow Road to be consistent with the treatment along Belmont Place. Also, mounding and landscaping shall be required adjacent to the existing single-family house to the southwest per the development text and approved plan. Per Ordinance 19-31 this specifically includes buffering along the eastern property line adjacent to the existing house to be established that would require a 5 to 6 high mound with a continuous screen of landscaping with minimum 6-foot-high evergreen trees planted 20 feet on-center in staggered alignment. The setback shall range shall be from 25 feet at lot 220 to 230 feet at lot 227 (on the Preliminary Subdivision Plat). Also, the setback and buffering from lot 220 (northeast) to lot 215 (north) (on the Preliminary Subdivision Plat) shall have a 25-foot setback that would require a 3 to 4 high mound with a continuous screen of landscaping with minimum 6 foot high evergreen trees planted 20 feet on-center in staggered alignment.

- **DESIGN:** The applicant is proposing specific house design standards for each size lot size (80-foot, 65 foot and 52 foot) and overall design standards for all the houses to be consistent with the adjacent subdivisions of the Communities at Glenross and Belmont Place. The percentage of natural materials on the front elevations of the 52-foot-wide lots is significantly higher than the 50-foot-wide lots in the Communities at Glenross (25%). The proposed standards would include: 1). 100% natural material on all elevations for 80-foot lots adjacent to the Communities at Glenross; 2.) Minimum 40% natural materials on the front elevations for on all 52- and 65-foot lots; 3.) The exterior elevations of each house excluding garage doors, entrance doors, gutters, shutters, downspouts and windows shall consist of brick, stone, cultured stone, stucco, wood siding or fibrous cement siding (all considered natural materials); 4). All houses shall have a minimum 2 car attached garage; 5). All houses shall have dimensional shingles; 7). All primary roof pitches on front and rear facing gabled elevations shall be a minimum of 5:12. All primary roof pitches on side facing gabled elevations shall be a minimum of 6:12. All other accessory elevations shall be a minimum roof pitch of 3-1/2:12. In addition, all the houses shall comply with Chapter 1171.08 Residential Development Design Criteria and Performance Standards.
- **BIKE PATHS AND PEDESTRIAN ROUTES:** The applicant is proposing a bike path along the north side of Peachblow Road and along both sides of Winterbourne Drive per the City Engineer's requirements to be consistent with the Belmont Place and the Communities at Glenross Subdivisions respectively and achieve compliance with the adopted Bicycle and Pedestrian Master Plan 2027. Also, the applicant is proposing bike paths or sidewalks in all five active open space areas that would connect to the proposed bike path/sidewalk network in the development. Sidewalks will be provided on both sides of all public streets in the subdivision.
- **PARKLAND AND OPEN SPACE:** The proposed plan has 25.5 acres of open space (25%) in nine reserve areas of which approximately 14.22 acres (13.9%) is active park open space which appears to be divided into 5 areas throughout the site. Reserve A (approximately 10.7 acres) is located just east of the main entrance on Peachblow Road which contains two detention basins and a 150-foot-wide overhead power line easement. The amenities include a bike path and benches. Reserve B (approximately 6.0 acres but only around 2.2 is active open space) is considered the primary open space and is located just west of the main entrance into the development and would have amenities such as a shelter house, picnic tables and bocce court and a bike path along Peachblow Road. Reserve E (approximately 0.6 acres) is a third smaller open space located just north of Reserve A and has a sidewalk going through the area. Reserve D (approximately 1.0 acres) is a fourth open space located in the northeastern portion of the development behind lots 71-77 and 18-21. Amenities in this area include a tot lot and a sidewalk connecting two street access points into the open area. Reserve H (approximately 3.9 acres) is a fifth open space area located in the northwestern portion of the development (behind lots 119-141) which includes a detention basin and a tot lot, benches and a sidewalk connection to two street access points into the open space. The tot lots shall be exceptionally well programmed and appointed with a variety of amenities across the development including areas for active field space. The final details of each tot lot and active open spaces shall be reviewed and approved with every Final Development Plan and

Final Subdivision Plat. All opens spaces shall be owned and maintained by the homeowner's association but allow public access.

- **TREE PRESERVATION:** Per the submitted tree survey with the Preliminary Development Plan, the applicant is removing 915 caliper inches of trees (107 trees) while the applicant is preserving 1771.5 caliper inches of trees (211 trees). Therefore, the applicant is preserving significantly more trees (856.5 caliper inches) than ones being removed and achieves compliance of the proposed development text and other recently approved PMU's. However, if any trees are removed during construction, the trees would have to be documented and inventoried to ensure they achieve compliance with the approved development text. Staff recommends that utilities should not be located within tree preservation easements and ensure the subject lots impacted could yield a maximum size house with an acceptable deck.
- **UTILITIES:** The site would be serviced by City sanitary sewer and water that would have to be extended by the developer.
- **LIGHTING PLAN:** A lighting plan has not been submitted but would be required for each Final Subdivision Plat approval and would have to achieve compliance with the zoning code and approved by the City.
- **FIRE DEPARTMENT:** The proposed development would need to be capable of supporting and allowing the full maneuverability of the fire department ladder truck along with complying with all other fire department requirements.
- **PHASING:** The applicant has provided a preliminary phasing plan which indicates the site would be developed in seven phases. Phase I (73 lots) would be located just west of Winterbourne Drive fronting Peachblow Road while Phase 2 (29 lots) would be just north of Phase 1. Phase 3 (45 lots) would be east of Winterbourne Drive. Phase 4 (33 lots) would be located north of phase 2. Phase 5 (27 lots) would be located east of Phase 3 while Phase 6 (34 lots) would be located north of Phase 3. Phase 7 (22 lots) would be located north of Phase 4 in the extreme northwestern portion of the site.

TITLE OF PROPOSED ORDINANCE/RESOLUTION:

AN ORDINANCE APPROVING A COMMUNITY REINVESTMENT AREA AGREEMENT AND SCHOOL COMPENSATION AGREEMENT WITH INNOVATION CENTER LLC, DELAWARE CITY SCHOOLS AND DELAWARE AREA CAREER CENTER FOR INVESTMENT IN REAL PROPERTY IMPROVEMENTS ON PARCEL 419-220-02-003-005 AND DECLARING AN EMERGENCY.

BACKGROUND:

Innovation Center, LLC has submitted an application for a Community Reinvestment Area Tax Abatement for the construction of a new building at 115 Innovation Court, Parcel 41922002003005. Council recently approved the Combined Preliminary and Final Development Plan that was presented in Ordinance No. 19-58 at the October 14 council meeting.

Innovation Center, LLC is proposing the construction of a 60,000 sq. ft. building that is identical to Symmetry II. This request for a CRA is for \$3,940,000 in construction of the new building. However, the tax market value of Symmetry II is \$2,523,600, so we will use that figure for calculations considering the buildings are identical.

Our success in assisting the Innovation Center, LLC with the construction of the building would allow them to create 25 new FTE employees with a total annual payroll of \$1,300,000.

RE: Innovation Center Community Reinvestment Area Request for Tax Incentives

Dear Superintendents Kegley and Freeman:

In an effort to grow high paying jobs in the City of Delaware, the City of Delaware's Incentive Negotiation Committee, that includes the superintendents and treasurers from the impacted school districts, negotiated a 50% for 15 year CRA tax abatement for the construction of a 60,000 sq. ft. office/warehouse building on Innovation Court on Parcel # 41922002003005. As part of the CRA abatement, once the project reached a \$2.35 million payroll, the CRA would increase to a 75% CRA level. At a 75% abatement, due to the proposed payroll being \$1,350,000 over the \$1 million state threshold for CRAs, the City would pay 50% of taxes generated on the \$1,350,000 directly to the school districts each year or \$12,488 per year or \$187,312 after 15 years.

All incentives are based on the Innovation Center's commitment to the creation of 25 new full-time equivalent jobs to the City of Delaware with an annual payroll minimum of \$1,300,000 within 3 years of the completion of their project. A copy of their application for tax incentives is attached.

CRA (ORC 3735.65-70) guidelines require that Boards of Education be informed of amendments, notice requirements, review rights, meeting requests, revenue sharing requirements, and/or program participation. Since the CRA legislation and company agreements contain many legal requirements, you may want to review Ohio Revised Code references (please see: <http://onlinedocs.andersonpublishing.com/>).

The City of Delaware is requesting a waiver of the required 45 business day notice period so that Delaware City Council will be able to consider these requests at our regularly scheduled Council meeting

on Monday, October 14, 2019 held at Delaware City Hall, 1 South Sandusky Street, Delaware, at 7:00 P.M. A second reading and public hearing may be scheduled for October 28, but may not be needed if Council chooses to take action on the first reading for economic development purposes. School Board Members, staff and the public are welcome to attend these meetings. Please let me know if you require any further assistance. I can be reached at 740.203.1016 or shughes@delawareohio.net. Please email me with confirmation of receipt of this notification so that I can send it with our petition to the Ohio Development Services Agency.

Yours Sincerely,
Sean Hughes
Economic Development Director

3735.671 Written agreement where commercial or industrial property is to be exempted.

(A) If construction or remodeling of commercial or industrial property is to be exempted from taxation pursuant to section [3735.67](#) of the Revised Code, the legislative authority and the owner of the property, prior to the commencement of construction or remodeling, shall enter into a written agreement, binding on both parties for a period of time that does not end prior to the end of the period of the exemption, that includes all of the information and statements prescribed by this section. Agreements may include terms not prescribed by this section, but such terms shall in no way derogate from the information and statements prescribed by this section.

(1) Except as otherwise provided in division (A)(2) or (3) of this section, an agreement entered into under this section shall not be approved by the legislative authority unless the board of education of the city, local, or exempted village school district within the territory of which the property is or will be located approves the agreement. For the purpose of obtaining such approval, the legislative authority shall certify a copy of the agreement to the board of education not later than forty-five days prior to approving the agreement, excluding Saturday, Sunday, and a legal holiday as defined in section [1.14](#) of the Revised Code. The board of education, by resolution adopted by a majority of the board, shall approve or disapprove the agreement and certify a copy of the resolution to the legislative authority not later than fourteen days prior to the date stipulated by the legislative authority as the date upon which approval of the agreement is to be formally considered by the legislative authority. The board of education may include in the resolution conditions under which the board would approve the agreement. The legislative authority may approve an agreement at any time after the board of education certifies its resolution approving the agreement to the legislative authority, or, if the board approves the agreement conditionally, at any time after the conditions are agreed to by the board and the legislative authority.

(2) Approval of an agreement by the board of education is not required under division (A)(1) of this section if, for each tax year the real property is exempted from taxation, the sum of the following quantities, as estimated at or prior to the time the agreement is formally approved by the legislative authority, equals or exceeds fifty per cent of the amount of taxes, as estimated at or prior to that time, that would have been charged and payable that year upon the real property had that property not been exempted from taxation:

(a) The amount of taxes charged and payable on any portion of the assessed valuation of the new structure or remodeling that will not be exempted from taxation under the agreement;

(b) The amount of taxes charged and payable on tangible personal property located on the premises of the new structure or of the structure to be remodeled under the agreement, whether payable by the owner of the structure or by a related member, as defined in section [5733.042](#) of the Revised Code without regard to division (B) of that section.

(c) The amount of any cash payment by the owner of the new structure or structure to be remodeled to the school district, the dollar value, as mutually agreed to by the owner and the board of education, of any property or services provided by the owner of the property to the school district, whether by gift, loan, or otherwise, and any payment by the legislative authority to the school district pursuant to section [5709.82](#) of the Revised Code.

The estimates of quantities used for purposes of division (A)(2) of this section shall be estimated by the legislative authority. The legislative authority shall certify to the board of education that the estimates have been made in good faith. Departures of the actual quantities from the estimates subsequent to approval of the agreement by the board of education do not invalidate the agreement.

(3) If a board of education has adopted a resolution waiving its right to approve agreements and the resolution remains in effect, approval of an agreement by the board is not required under this division. If a board of education has adopted a resolution allowing a legislative authority to deliver the notice required under this division fewer than forty-five business days prior to the legislative authority's execution of the agreement, the legislative authority shall deliver the notice to the board not later than the number of days prior to such execution as prescribed by the board in its resolution. If a board of education adopts a resolution waiving its right to approve agreements or shortening the notification period, the board shall certify a copy of the resolution to the legislative authority. If the board of education rescinds such a resolution, it shall certify notice of the rescission to the legislative authority.

(B) Each agreement shall include the following information:

(1) The names of all parties to the agreement;

(2) A description of the remodeling or construction, whether or not to be exempted from taxation, including existing or new structure size and cost thereof; the value of machinery, equipment, furniture, and fixtures, including an itemization of the value of machinery, equipment, furniture, and fixtures used at another location in this state prior to the agreement and relocated or to be relocated from that location to the property, and the value of machinery, equipment, furniture, and fixtures at the facility prior to the execution of the agreement; the value of inventory at the property, including an itemization of the value of inventory held at another location in this state prior to the agreement and relocated or to be relocated from that location to the property, and the value of inventory held at the property prior to the execution of the agreement;

(3) The scheduled starting and completion dates of remodeling or construction of real property or of investments made in machinery, equipment, furniture, fixtures, and inventory;

(4) Estimates of the number of employee positions to be created each year of the agreement and of the number of employee positions retained by the owner due to the remodeling or construction, itemized as to the number of full-time, part-time, permanent, and temporary positions;

(5) Estimates of the dollar amount of payroll attributable to the positions set forth in division (B)(4) of this section, similarly itemized;

(6) The number of employee positions, if any, at the property and at any other location in this state at the time the agreement is executed, itemized as to the number of full-time, part-time, permanent, and temporary positions.

(C) Each agreement shall set forth the following information and incorporate the following statements:

(1) A description of real property to be exempted from taxation under the agreement, the percentage of the assessed valuation of the real property exempted from taxation, and the period for which the exemption is granted,

accompanied by the statement: "The exemption commences the first year for which the real property would first be taxable were that property not exempted from taxation. No exemption shall commence after (insert date) nor extend beyond (insert date)."

(2) "..... (insert name of owner) shall pay such real property taxes as are not exempted under this agreement and are charged against such property and shall file all tax reports and returns as required by law. If (insert name of owner) fails to pay such taxes or file such returns and reports, exemptions from taxation granted under this agreement are rescinded beginning with the year for which such taxes are charged or such reports or returns are required to be filed and thereafter."

(3) "..... (insert name of owner) hereby certifies that at the time this agreement is executed, (insert name of owner) does not owe any delinquent real or tangible personal property taxes to any taxing authority of the State of Ohio, and does not owe delinquent taxes for which (insert name of owner) is liable under Chapter 5733., 5735., 5739., 5741., 5743., 5747., or 5753. of the Ohio Revised Code, or, if such delinquent taxes are owed, (insert name of owner) currently is paying the delinquent taxes pursuant to an undertaking enforceable by the State of Ohio or an agent or instrumentality thereof, has filed a petition in bankruptcy under 11 U.S.C.A. 101 , et seq., or such a petition has been filed against (insert name of owner). For the purposes of this certification, delinquent taxes are taxes that remain unpaid on the latest day prescribed for payment without penalty under the chapter of the Revised Code governing payment of those taxes."

(4) "..... (insert name of municipal corporation or county) shall perform such acts as are reasonably necessary or appropriate to effect, claim, reserve, and maintain exemptions from taxation granted under this agreement including, without limitation, joining in the execution of all documentation and providing any necessary certificates required in connection with such exemptions."

(5) "If for any reason (insert name of municipal corporation or county) revokes the designation of the area, entitlements granted under this agreement shall continue for the number of years specified under this agreement, unless (insert name of owner) materially fails to fulfill its obligations under this agreement and (insert name of municipal corporation or county) terminates or modifies the exemptions from taxation pursuant to this agreement."

(6) "If (insert name of owner) materially fails to fulfill its obligations under this agreement, or if (insert name of municipal corporation or county) determines that the certification as to delinquent taxes required by this agreement is fraudulent, (insert name of municipal corporation or county) may terminate or modify the exemptions from taxation granted under this agreement."

(7) "..... (insert name of owner) shall provide to the proper tax incentive review council any information reasonably required by the council to evaluate the applicant's compliance with the agreement, including returns filed pursuant to section [5711.02](#) of the Ohio Revised Code if requested by the council."

(8) "This agreement is not transferable or assignable without the express, written approval of (insert name of municipal corporation or county)."

(9) "Exemptions from taxation granted under this agreement shall be revoked if it is determined that (insert name of owner), any successor to that person, or any related member (as those terms are defined in division (E) of section 3735.671 of the Ohio Revised Code) has violated the prohibition against entering into this agreement under division (E) of section 3735.671 or section [5709.62](#) or [5709.63](#) of the Ohio Revised Code prior to the time prescribed by that division or either of those sections."

(10) "..... (insert name of owner) and (insert name of municipal corporation or county) acknowledge that this agreement must be approved by formal action of the legislative authority of (insert name of municipal corporation or county) as a condition for the agreement to take effect. This agreement takes effect upon such approval."

The statement described in division (C)(6) of this section may include the following statement, appended at the end of the statement: ", and may require the repayment of the amount of taxes that would have been payable had the property not been exempted from taxation under this agreement." If the agreement includes a statement requiring repayment of exempted taxes, it also may authorize the legislative authority to secure repayment of such taxes by a lien on the exempted property in the amount required to be repaid. Such a lien shall attach, and may be perfected, collected, and enforced, in the same manner as a mortgage lien on real property, and shall otherwise have the same force and effect as a mortgage lien on real property.

(D) Except as otherwise provided in this division, an agreement entered into under this section shall require that the owner pay an annual fee equal to the greater of one per cent of the amount of taxes exempted under the agreement or five hundred dollars; provided, however, that if the value of the incentives exceeds two hundred fifty thousand dollars, the fee shall not exceed two thousand five hundred dollars. The fee shall be payable to the legislative authority once per year for each year the agreement is effective on the days and in the form specified in the agreement. Fees paid shall be deposited in a special fund created for such purpose by the legislative authority and shall be used by the legislative authority exclusively for the purpose of complying with section [3735.672](#) of the Revised Code and by the tax incentive review council created under section [5709.85](#) of the Revised Code exclusively for the purposes of performing the duties prescribed under that section. The legislative authority may waive or reduce the amount of the fee, but such waiver or reduction does not affect the obligations of the legislative authority or the tax incentive review council to comply with section [3735.672](#) or [5709.85](#) of the Revised Code.

(E) If any person that is party to an agreement granting an exemption from taxation discontinues operations at the structure to which that exemption applies prior to the expiration of the term of the agreement, that person, any successor to that person, and any related member shall not enter into an agreement under this section or section [5709.62](#), [5709.63](#), or [5709.632](#) of the Revised Code, and no legislative authority shall enter into such an agreement with such a person, successor, or related member, prior to the expiration of five years after the discontinuation of operations. As used in this division, "successor" means a person to which the assets or equity of another person has been transferred, which transfer resulted in the full or partial nonrecognition of gain or loss, or resulted in a carryover basis, both as determined by rule adopted by the tax commissioner. "Related member" has the same meaning as defined in section [5733.042](#) of the Revised Code without regard to division (B) of that section.

The director of development shall review all agreements submitted to the director under division (F) of this section for the purpose of enforcing this division. If the director determines there has been a violation of this division, the

director shall notify the legislative authority of such violation, and the legislative authority immediately shall revoke the exemption granted under the agreement.

(F) When an agreement is entered into under this section, the legislative authority authorizing the agreement shall forward a copy of the agreement to the director of development within fifteen days after the agreement is entered into.

b. Business's reasons for requesting incentives (be quantitatively specific as possible):

Innovation Center will be a multi-tenant Office Warehouse building totaling 60,000 Sq. Ft. and having as many as 10 individual businesses/units. The project is purely speculative and will have to compete with similar buildings in the Lewis Center, Westerville, Worthington and other nearby cities. Our competition has the advantage of being nearer to Columbus with its larger population from which to draw. Past experience with the Symmetry One project (2005) and Symmetry II (2016) has shown that aggressive tax incentives which allow low CAM (common area maintenance) expenses have helped to enable us to overcome the obstacle of distance from Columbus, with lower costs. Even with abatements, it recently took more than two years to fill Symmetry II. Construction costs have increased substantially in the past several years because of tight material and labor markets. Incentives and abatements are necessary to make the projects financially viable in this environment.

That said, we have been able to draw some new high quality tenants and also retain others who initially planned to go to or remain in Franklin County. (Guild Associates, Columbus Advanced Machining Systems, American Apex, Get Outland, etc.) Our success in drawing

and retaining this caliber of tenants is the reason that we can boast MILLIONS in additional payroll for the City of Delaware with no negative impact to schools by way of additional enrollment. We believe that with the requested abatements, we can exceed even our past success.

Submission of this application expressly authorizes (name of local jurisdiction) to contact the Ohio Environmental Protection Agency to confirm statements contained within this application including item# 5 and to review applicable confidential records. As part of this application, the property owner may also be required to directly request from the Ohio Department of Taxation, or complete a waiver form allowing the Department of Taxation to release specific tax records to the local jurisdiction considering the request. (The Applicant agrees to supply additional information upon request.)

The Applicant affirmatively covenants that the information contained in and submitted with this application is complete and correct and is aware of the ORC Sections 9.66(C)(1) and 2921.13(D)(1) penalties for falsification which could result in the forfeiture of all current and future economic development assistance benefits as well as a fine of not more than \$1,000 and/or a term of imprisonment of not more than six months.

1. **Innovation Center, LLC** shall construct a new estimated 60,000 sq. ft. speculative single or multi-tenant facility to be located on a parcel on Innovation Court.

The PROJECT will begin at the earliest on November 1, 2019 and all construction will be completed by July 1, 2020 Any changes to the beginning and completion dates must be agreed to by formal resolution and an amended agreement.

2. **Innovation Center, LLC and/or its tenants** shall **create** the minimum equivalent of **25 new** (not from an existing company currently located in the City of Delaware) **full-time equivalent (FTE)**

jobs at the Delaware facility that are related to the **primary target industries** section of the **City of Delaware's 2014 Economic Development Plan [attached as Exhibit A]** with a minimum NEW (not from an existing company currently located in the City of Delaware) annual payroll of \$1,300,000 for a 50% abatement on property taxes for property improvements. The job creation period begins **January 1, 2021** (FTEs hired before this date, but after the certificate of occupancy is granted may be included in this requirement if the building is occupied before the first of the year.) and all jobs will be in place by **December 31, 2023** (3 years or 36 months after the completion of the PROJECT per ORC 3735).

a. The first year of the abatement begins on January 1, 2021 which is the first full-year after the certificate of occupancy is granted.

c. If during any year during the period of the abatement if the abatement level is increased to 75% payroll decreases to be lower than \$2,350,000 from primary target industry jobs the abatement percentage will decreased by one percent (1%) for every percentage that the project misses its target payroll of \$2,350,000 until such time that it, again, achieves or exceeds \$2,350,000 for an entire year.

3. Based on NEW job and payroll creation levels, the City of Delaware estimates an annual new employee income tax revenue amount of \$24,055 (\$1,300,000 payroll times the current income tax rate of 1.85%) for the PROJECT. If in any year after the first three year grace period of this Agreement the level of new payroll does not reach or falls below levels established by this Agreement, **Innovation Center, LLC** agrees to reimburse the City of Delaware for lost employee income taxes if requested. Should the City's income tax rates change, the reimbursement will be adjusted accordingly. Alternatively, the City of Delaware may modify this CRA agreement to lower **Innovation Center, LLC's** CRA percentage and/or term while adjusting the company's FTE and payroll commitments to match the

To the extent that **Innovation Center, LLC** substantially complies with the terms of this section 3 of this agreement, the company shall incur no income tax reimbursement penalty.

4. **Innovation Center, LLC** shall provide to the proper Tax Incentive Review Council any information reasonably required by the council to evaluate the enterprise's compliance with the agreement, including but not limited to the annual report form, and returns filed pursuant to section 5711.02 and 5727.08 of the Ohio Revised Code if requested by the council (ORC3735.671C7) and a letter on official company letterhead from each tenant company indicating their current FTE headcount, position titles for each FTE position, and the total current payroll for the total FTE headcount at that specific company.

attributed to the real property improvements at the PROJECT site. **Innovation Center, LLC** must file the appropriate tax forms (DTE 23) with the County Auditor to effect and maintain the exemptions covered in the agreement.

- a. If **Innovation Center, LLC** achieves a 75% abatement level with a payroll of \$2,350,000 or greater, the City of Delaware will share 50% of the payroll taxes with Delaware City Schools and Delaware Area Career Center for payroll exceeding \$1 million through a separate School Compensation Agreement for any year of the 15-year period of this agreement.
- b. If during any year during the period of the abatement if the abatement level is increased to 75% payroll decreases to be lower than \$2,350,000 from primary target industry the abatement percentage will decreased by one percent (1%) for every percentage that the project misses its target payroll of \$2,350,000 until such time that it, again, achieves or exceeds \$2,350,000 for an entire year. |
- c. **If Ohio tax law changes result in no net tax incentive benefits (tax incentives offered through this agreement minus the school compensation payment is negative), Innovation Center, LLC may request that the City of Delaware Tax Incentive Review Council modify or terminate this agreement.**

If the Director of Development has issued a waiver under Section 5709.633 of the Ohio Revised Code as a condition for the agreement to be executed, the following applies:

Continuation of this agreement is subject to the validity of the circumstances upon which **Innovation Center, LLC** applied for, and the Director of the Ohio Department of Development issued, the waiver pursuant to Section 5709.633 of the Ohio Revised Code. 10. If for any reason the Community Reinvestment Area designation expires, the Director of the Ohio Development Services Agency revokes certification of the area, or the City of Delaware revokes the designation of the area, entitlements granted under this agreement shall continue for the number of years specified under this agreement, unless **Innovation Center, LLC** materially fails to fulfill its obligations under this agreement and the City of Delaware terminates or modifies the exemptions from taxation granted under this agreement (ORC3735.671C5).
11. If **Innovation Center, LLC** materially fails to fulfill its obligations under this agreement, or if the City of Delaware determines that the certification as to delinquent taxes required by this agreement is fraudulent, the City of Delaware may terminate or modify the

12. **Innovation Center, LLC** hereby certifies that at the time this agreement is executed, **Innovation Center, LLC** does not owe any delinquent real or tangible personal property taxes to any taxing authority of the State of Ohio, and does not owe delinquent taxes for which **Innovation Center, LLC** is liable under Chapter 5733., 5735., 5739., 5741., 5743., 5747., or 5753. of the Ohio Revised Code, or, if such delinquent taxes are owed, **Innovation Center, LLC** currently is paying the delinquent taxes pursuant to an undertaking enforceable by the State of Ohio or an agent or instrumentality thereof, has filed a petition in bankruptcy under 11 U.S.C.A. 101, et seq., or such a petition has been filed against **Innovation Center, LLC**. For the purposes of the certification, delinquent taxes are taxes that remain unpaid on the latest day prescribed for payment without penalty under the chapter of the Ohio Revised Code governing payment of those taxes.
13. **Innovation Center, LLC** affirmatively covenants that it does not owe: (1) any delinquent taxes to the State of Ohio or a political subdivision of the State; (2) any moneys to the State or a state agency for the administration or enforcement of any environmental laws of the State; and (3) any other moneys to the State, a state agency or a political subdivision of the State that are past due, whether the amounts owed are being contested in a court of law or not.
14. **Innovation Center, LLC** and the City of Delaware acknowledge that this agreement must be approved by formal action of the legislative authority of the City of Delaware and approval and execution of this agreement by **Innovation Center, LLC** as a condition for the agreement to take effect (ORC3735.671C10).
15. The City of Delaware has developed a policy to ensure recipients of a Community Reinvestment Area tax benefits practice non-discriminating hiring in its operations. By executing this agreement, **Innovation Center, LLC and its tenants** are committing to following non-discriminating hiring practices acknowledging that no individual may be denied employment solely on the basis of race, religion, sex, disability, color, national origin, or ancestry.
16. Exemptions from taxation granted under this agreement shall be revoked if it is determined that **Innovation Center, LLC** any successor property owner, or any related member (as those terms are

defined in Division (E) of Section 3735.671 of the Ohio Revised Code) has violated the prohibition against entering into this agreement under Division (E) of Section 3735.671 or Section 5709.62 or 5709.63 of the Ohio Revised Code prior to the time prescribed by that division or either of those sections (ORC3735.671C9).

In addition, the City of Delaware may terminate or modify the exemptions from taxation granted under this agreement.
18. **Innovation Center, LLC** affirmatively covenants that it has made no false statements to the State or local political subdivision in the process of obtaining approval for the Community Reinvestment Area incentives. If any representative of **Innovation Center, LLC** has knowingly made a false statement to the State or local political subdivision to obtain the Community Reinvestment Area incentives, **Innovation Center, LLC** shall be required to immediately return all benefits received under the Community Reinvestment Area Agreement pursuant to Ohio Revised Code Section 9.66 (C)(2) and shall be ineligible for any future economic development assistance from the State, any state agency or a political subdivision pursuant to Ohio Revised Code Section 9.66(C)(1). Any person who provides a false statement to secure economic development assistance may be guilty of falsification, a misdemeanor of the first degree, pursuant to Ohio Revised Code 2921.13(D)(1), which is punishable by a fine of not more than \$1,000 and/or a term of imprisonment of not more than six months.
19. This agreement is not transferable or assignable without the express, written approval of the City of Delaware.
20. **Innovation Center, LLC**, acknowledges that if any person that is party to an agreement granting an exemption from taxation discontinues operations at the structure to which that exemption applies prior to the expiration of the term of the agreement, that person, any successor to that person, and any related member shall not enter into an agreement under this section or sections 5709.62, 5709.63, or 5709.632 of the Ohio Revised Code, and no legislative authority shall enter into such an agreement with such a person,

successor, or related member, prior to the expiration of five years after the discontinuation of operations. As used in this division, 'successor' means a person to which the assets or equity of another person has been transferred, which transfer resulted in the full or partial non-recognition of gain or loss, or resulted in a carryover basis, both as determined by rule adopted by the tax commissioner. 'Related member' has the same meaning as defined in section 5733.042 of the Ohio Revised Code without regard to Division (B) of that section (ORC3735.671E).

TITLE OF PROPOSED ORDINANCE/RESOLUTION:

AN ORDINANCE APPROVING A COMMUNITY REINVESTMENT AREA AGREEMENT AND SCHOOL COMPENSATION AGREEMENT WITH J JILL PROPERTIES LLC, DELAWARE CITY SCHOOLS, DELAWARE AREA CAREER CENTER AND THE CITY OF DELAWARE. FOR INVESTMENT IN REAL PROPERTY IMPROVEMENTS ON A SITE AT 50 WEST WILLIAM STREET AND DECLARING AN EMERGENCY.

BACKGROUND:

We are requesting City Council's approval for the City Manager to enter into a Community Reinvestment Area (CRA) Tax Incentive Agreement and School Compensation Agreement with J JILL PROPERTIES LLC, DELAWARE CITY SCHOOLS, DELAWARE AREA CAREER CENTER for an \$400,000 investment in the construction of the first-floor retail space of a two-story building at 50 W. William St., Parcel 51943226008000. Council had approved the Rezoning Amendment and the Combined Preliminary and Final Development for J JILL PROPERTIES LLC at the August 26, 2019 council meeting.

Jill Rice, owner of J JILL PROPERTIES LLC and the 50 W. William St. property has submitted application for a Community Reinvestment Area Tax Abatement for this project.

The owner is working to open her fitness studio in the first floor space of the proposed newly constructed building. Our success in assisting Ms. Rice with her construction project would create 5 new FTEs with a payroll of \$102,900.

REASON WHY LEGISLATION IS NEEDED:

For incentive discussion purposes, we calculated a 100%/15 year CRA tax abatement generating an approximate \$159,023.30 in gross tax savings after 15 years on their \$400,000 first-floor investment. Due to the abatement being for a new payroll of \$102,900, a School Compensation Agreement is not required.

Staff is recommending a 100%/15 year CRA to assist the company with a company paid 30% School Pilot Payment Agreement equaling \$2,665.09 per year or \$49,386.27 after 15 years. These pilot payments would be divided between DCS and DACC in accordance with their respective tax rates. With the staff recommendation as made, this project would not achieve a positive ROI (-65.08%) for the City with \$28,555 in income taxes after 15 years. The schools would achieve a 30% ROI, but also would retain the taxes they currently receive on the land of about \$1,276 per year or \$19,141 after 15 years.

This proposed incentive package provides an opportunity to spur considerable investment and continue the upward progress of investment and new businesses in our historic downtown.

RE: J Jill Properties Community Reinvestment Area Request for Tax Incentives and School Compensation Agreement

Dear Superintendents Kegley and Freeman:

In an effort to redevelop dilapidated properties in Downtown Delaware, the City of Delaware's Incentive Negotiation Committee, that includes the superintendents and treasurers from the impacted school districts, negotiated a 100% for 15 year CRA tax abatement for the construction of the first floor of a two-story building at 50 West William St. on Parcel # 51943226008000. As part of the CRA abatement, the company has agreed to a School Compensation Agreement with an annual payments to the school districts equaling 30% of what the school districts would have seen without the abatement on building improvements. The total of payments to both Delaware City Schools and Delaware Area Career Center would be \$2,665.09 per year or \$49,386.27 after 15 years.

All incentives are based on J Jill Property's commitment to the creation of 5 new full-time equivalent jobs to the City of Delaware with an annual payroll minimum of \$102,900 within 3 years of the completion of their project. A copy of their application for tax incentives is attached.

CRA (ORC 3735.65-70) guidelines require that Boards of Education be informed of amendments, notice requirements, review rights, meeting requests, revenue sharing requirements, and/or program participation. Since the CRA legislation and company agreements contain many legal requirements, you may want to review Ohio Revised Code references (please see: <http://onlinedocs.andersonpublishing.com/>).

The City of Delaware is requesting a waiver of the required 45 business day notice period so that Delaware City Council will be able to consider these requests at our regularly scheduled Council meeting on Monday, October 14, 2019 held at Delaware City Hall, 1 South Sandusky Street, Delaware, at 7:00 P.M. A second reading and public hearing may be scheduled for October 28, but may not be needed if Council chooses to take action on the first reading for economic development purposes. School Board Members, staff and the public are welcome to attend these meetings. Please let me know if you require any further assistance. I can be reached at 740.203.1016 or shughes@delawareohio.net. Please email me with confirmation of receipt of this notification so that I can send it with our petition to the Ohio Development Services Agency.

Yours Sincerely,
Sean Hughes

2. J. Jill Properties application for tax incentives

3735.671 Written agreement where commercial or industrial property is to be exempted.

(A) If construction or remodeling of commercial or industrial property is to be exempted from taxation pursuant to section [3735.67](#) of the Revised Code, the legislative authority and the owner of the property, prior to the commencement of construction or remodeling, shall enter into a written agreement, binding on both parties for a period of time that does not end prior to the end of the period of the exemption, that includes all of the information and statements prescribed by this section. Agreements may include terms not prescribed by this section, but such terms shall in no way derogate from the information and statements prescribed by this section.

(1) Except as otherwise provided in division (A)(2) or (3) of this section, an agreement entered into under this section shall not be approved by the legislative authority unless the board of education of the city, local, or exempted village school district within the territory of which the property is or will be located approves the agreement. For the purpose of obtaining such approval, the legislative authority shall certify a copy of the agreement to the board of education not later than forty-five days prior to approving the agreement, excluding Saturday, Sunday, and a legal holiday as defined in section [1.14](#) of the Revised Code. The board of education, by resolution adopted by a majority of the board, shall approve or disapprove the agreement and certify a copy of the resolution to the legislative authority not later than fourteen days prior to the date stipulated by the legislative authority as the date upon which approval of the agreement is to be formally considered by the legislative authority. The board of education may include in the resolution conditions under which the board would approve the agreement. The legislative authority may approve an agreement at any time after the board of education certifies its resolution approving the agreement to the legislative authority, or, if the board approves the agreement conditionally, at any time after the conditions are agreed to by the board and the legislative authority.

(2) Approval of an agreement by the board of education is not required under division (A)(1) of this section if, for each tax year the real property is exempted from taxation, the sum of the following quantities, as estimated at or prior to the time the agreement is formally approved by the legislative authority, equals or exceeds fifty per cent of the amount of taxes, as estimated at or prior to that time, that would have been charged and payable that year upon the real property had that property not been exempted from taxation:

(a) The amount of taxes charged and payable on any portion of the assessed valuation of the new structure or remodeling that will not be exempted from taxation under the agreement;

(b) The amount of taxes charged and payable on tangible personal property located on the premises of the new structure or of the structure to be remodeled under the agreement, whether payable by the owner of the structure or by a related member, as defined in section [5733.042](#) of the Revised Code without regard to division (B) of that section.

(c) The amount of any cash payment by the owner of the new structure or structure to be remodeled to the school district, the dollar value, as mutually agreed to by the owner and the board of education, of any property or services provided by the owner of the property to the school district, whether by gift, loan, or otherwise, and any payment by the legislative authority to the school district pursuant to section [5709.82](#) of the Revised Code.

The estimates of quantities used for purposes of division (A)(2) of this section shall be estimated by the legislative authority. The legislative authority shall certify to the board of education that the estimates have been made in good faith. Departures of the actual quantities from the estimates subsequent to approval of the agreement by the board of education do not invalidate the agreement.

(3) If a board of education has adopted a resolution waiving its right to approve agreements and the resolution remains in effect, approval of an agreement by the board is not required under this division. If a board of education has adopted a resolution allowing a legislative authority to deliver the notice required under this division fewer than forty-five business days prior to the legislative authority's execution of the agreement, the legislative authority shall deliver the notice to the board not later than the number of days prior to such execution as prescribed by the board in its resolution. If a board of education adopts a resolution waiving its right to approve agreements or shortening the notification period, the board shall certify a copy of the resolution to the legislative authority. If the board of education rescinds such a resolution, it shall certify notice of the rescission to the legislative authority.

(B) Each agreement shall include the following information:

(1) The names of all parties to the agreement;

(2) A description of the remodeling or construction, whether or not to be exempted from taxation, including existing or new structure size and cost thereof; the value of machinery, equipment, furniture, and fixtures, including an itemization of the value of machinery, equipment, furniture, and fixtures used at another location in this state prior to the agreement and relocated or to be relocated from that location to the property, and the value of machinery, equipment, furniture, and fixtures at the facility prior to the execution of the agreement; the value of inventory at the property, including an itemization of the value of inventory held at another location in this state prior to the agreement and relocated or to be relocated from that location to the property, and the value of inventory held at the property prior to the execution of the agreement;

(3) The scheduled starting and completion dates of remodeling or construction of real property or of investments made in machinery, equipment, furniture, fixtures, and inventory;

(4) Estimates of the number of employee positions to be created each year of the agreement and of the number of employee positions retained by the owner due to the remodeling or construction, itemized as to the number of full-time, part-time, permanent, and temporary positions;

(5) Estimates of the dollar amount of payroll attributable to the positions set forth in division (B)(4) of this section, similarly itemized;

(6) The number of employee positions, if any, at the property and at any other location in this state at the time the agreement is executed, itemized as to the number of full-time, part-time, permanent, and temporary positions.

(C) Each agreement shall set forth the following information and incorporate the following statements:

(1) A description of real property to be exempted from taxation under the agreement, the percentage of the assessed valuation of the real property exempted from taxation, and the period for which the exemption is granted,

accompanied by the statement: "The exemption commences the first year for which the real property would first be taxable were that property not exempted from taxation. No exemption shall commence after (insert date) nor extend beyond (insert date)."

(2) "..... (insert name of owner) shall pay such real property taxes as are not exempted under this agreement and are charged against such property and shall file all tax reports and returns as required by law. If (insert name of owner) fails to pay such taxes or file such returns and reports, exemptions from taxation granted under this agreement are rescinded beginning with the year for which such taxes are charged or such reports or returns are required to be filed and thereafter."

(3) "..... (insert name of owner) hereby certifies that at the time this agreement is executed, (insert name of owner) does not owe any delinquent real or tangible personal property taxes to any taxing authority of the State of Ohio, and does not owe delinquent taxes for which (insert name of owner) is liable under Chapter 5733., 5735., 5739., 5741., 5743., 5747., or 5753. of the Ohio Revised Code, or, if such delinquent taxes are owed, (insert name of owner) currently is paying the delinquent taxes pursuant to an undertaking enforceable by the State of Ohio or an agent or instrumentality thereof, has filed a petition in bankruptcy under 11 U.S.C.A. 101 , et seq., or such a petition has been filed against (insert name of owner). For the purposes of this certification, delinquent taxes are taxes that remain unpaid on the latest day prescribed for payment without penalty under the chapter of the Revised Code governing payment of those taxes."

(4) "..... (insert name of municipal corporation or county) shall perform such acts as are reasonably necessary or appropriate to effect, claim, reserve, and maintain exemptions from taxation granted under this agreement including, without limitation, joining in the execution of all documentation and providing any necessary certificates required in connection with such exemptions."

(5) "If for any reason (insert name of municipal corporation or county) revokes the designation of the area, entitlements granted under this agreement shall continue for the number of years specified under this agreement, unless (insert name of owner) materially fails to fulfill its obligations under this agreement and (insert name of municipal corporation or county) terminates or modifies the exemptions from taxation pursuant to this agreement."

(6) "If (insert name of owner) materially fails to fulfill its obligations under this agreement, or if (insert name of municipal corporation or county) determines that the certification as to delinquent taxes required by this agreement is fraudulent, (insert name of municipal corporation or county) may terminate or modify the exemptions from taxation granted under this agreement."

(7) "..... (insert name of owner) shall provide to the proper tax incentive review council any information reasonably required by the council to evaluate the applicant's compliance with the agreement, including returns filed pursuant to section [5711.02](#) of the Ohio Revised Code if requested by the council."

(8) "This agreement is not transferable or assignable without the express, written approval of (insert name of municipal corporation or county)."

(9) "Exemptions from taxation granted under this agreement shall be revoked if it is determined that (insert name of owner), any successor to that person, or any related member (as those terms are defined in division (E) of section 3735.671 of the Ohio Revised Code) has violated the prohibition against entering into this agreement under division (E) of section 3735.671 or section [5709.62](#) or [5709.63](#) of the Ohio Revised Code prior to the time prescribed by that division or either of those sections."

(10) "..... (insert name of owner) and (insert name of municipal corporation or county) acknowledge that this agreement must be approved by formal action of the legislative authority of (insert name of municipal corporation or county) as a condition for the agreement to take effect. This agreement takes effect upon such approval."

The statement described in division (C)(6) of this section may include the following statement, appended at the end of the statement: ", and may require the repayment of the amount of taxes that would have been payable had the property not been exempted from taxation under this agreement." If the agreement includes a statement requiring repayment of exempted taxes, it also may authorize the legislative authority to secure repayment of such taxes by a lien on the exempted property in the amount required to be repaid. Such a lien shall attach, and may be perfected, collected, and enforced, in the same manner as a mortgage lien on real property, and shall otherwise have the same force and effect as a mortgage lien on real property.

(D) Except as otherwise provided in this division, an agreement entered into under this section shall require that the owner pay an annual fee equal to the greater of one per cent of the amount of taxes exempted under the agreement or five hundred dollars; provided, however, that if the value of the incentives exceeds two hundred fifty thousand dollars, the fee shall not exceed two thousand five hundred dollars. The fee shall be payable to the legislative authority once per year for each year the agreement is effective on the days and in the form specified in the agreement. Fees paid shall be deposited in a special fund created for such purpose by the legislative authority and shall be used by the legislative authority exclusively for the purpose of complying with section [3735.672](#) of the Revised Code and by the tax incentive review council created under section [5709.85](#) of the Revised Code exclusively for the purposes of performing the duties prescribed under that section. The legislative authority may waive or reduce the amount of the fee, but such waiver or reduction does not affect the obligations of the legislative authority or the tax incentive review council to comply with section [3735.672](#) or [5709.85](#) of the Revised Code.

(E) If any person that is party to an agreement granting an exemption from taxation discontinues operations at the structure to which that exemption applies prior to the expiration of the term of the agreement, that person, any successor to that person, and any related member shall not enter into an agreement under this section or section [5709.62](#), [5709.63](#), or [5709.632](#) of the Revised Code, and no legislative authority shall enter into such an agreement with such a person, successor, or related member, prior to the expiration of five years after the discontinuation of operations. As used in this division, "successor" means a person to which the assets or equity of another person has been transferred, which transfer resulted in the full or partial nonrecognition of gain or loss, or resulted in a carryover basis, both as determined by rule adopted by the tax commissioner. "Related member" has the same meaning as defined in section [5733.042](#) of the Revised Code without regard to division (B) of that section.

The director of development shall review all agreements submitted to the director under division (F) of this section for the purpose of enforcing this division. If the director determines there has been a violation of this division, the

director shall notify the legislative authority of such violation, and the legislative authority immediately shall revoke the exemption granted under the agreement.

(F) When an agreement is entered into under this section, the legislative authority authorizing the agreement shall forward a copy of the agreement to the director of development within fifteen days after the agreement is entered into.

My husband and I moved to the NW neighborhood about 8 years ago and having had experience with owning two private fitness studios, we saw an opportunity to rehab the existing structure and turn it into a fitness studio to serve the local downtown Delaware community. However, after much investigation and consultation it was

determined that the existing structure was not suitable for rehab and would in fact have to be demolished. This changed our budget from approx. \$200K to nearly \$1 million. In addition, the property was contaminated with petroleum residual from being a former SOHIO gas station from ~ 1930's – 1970's. The EPA Phase I, Phase II and clean-up added nearly \$40k to the budget but was a must. In addition, there are two large trees on the property that both have been determined to be dead, dying or diseased and therefore must be taken down, which is costly.

In short, the project cost grew 5 times initial budget. Thank you in advance for the consideration and we will not be able to successfully complete this ambitious project without the support of the City and the 15-year tax abatement.

ORDINANCE NO: 19-62

RESOLUTION NO:

READING: FIRST

PUBLIC HEARING: NO

TO: Mayor and Members of City Council

FROM: R. Thomas Homan, City Manager

VIA: William L. Ferrigno, P.E., Public Works Director/City Engineer

TITLE OF PROPOSED ORDINANCE/RESOLUTION:

AN ORDINANCE REGULATING AND CONTROLLING THE MOVEMENT OF VEHICULAR TRAFFIC IN THE CITY OF DELAWARE BY DESIGNATING VERNON AVENUE WITHIN THE CITY OF DELAWARE CORPORATION LIMITS FROM CHANNING STREET TO WALLACE DRIVE AS A THROUGH STREET AND ESTABLISHING THE SPEED LIMIT TO BE THIRTY-FIVE MILES PER HOUR.

BACKGROUND:

Delaware Township requested the speed limit on the section of Vernon Avenue within their jurisdiction be reduced from 55 mph to 35 mph. ODOT approved/journalized this reduction with the understanding the City of Delaware would raise the speed limit from 25 mph to 35 mph on sections of Vernon Avenue within the City Corporation Limits between Channing Street and Wallace Drive to conform.

REASON WHY LEGISLATION IS NEEDED:

It is necessary to define the designation of certain streets within the city corporate limits, in accordance with current definitions provided in ORC 4511, as being "Through" or "Non-through" streets. This section applies to certain local streets that have been annexed into the city, however in segments of less than one-mile in length, thereby requiring a maximum speed limit of 25 MPH being posted. In these cases, designating the street as a "Through" street permits a uniform speed limit, typically 35 MPH, to be posted and maintained. This

ordinance is to define Vernon Avenue from Channing Street to Wallace Drive a “Through” street within the city’s corporation limits, and to establish a speed limit of thirty-five miles per hour (35 MPH) to the section of Vernon Avenue from Channing Street to Wallace Drive. ORC 4511.21 sections J, permits local authorities to authorize higher prima-facie speeds on streets where determined appropriate, provided no speed shall exceed fifty miles per hour (50 MPH). This speed limit will conform with the section of Vernon Avenue within Delaware Township which has been journalized as 35 mph by ODOT on July 10, 2019.

COMMITTEE RECOMMENDATION:

The action is being taken as a result of the Parking and Safety Committee recommendation at the October 21, 2019 meeting.

FISCAL IMPACT(S):

The cost of materials and labor to install these signs is estimated at \$50.00 to come out of the Public Works Traffic Division annual operating budget.
