## Do you have any parting thoughts for the City of Delaware?

-  **Anonymous user's Opinion**  
Delaware has come far in the last 15 years. I'm glad to make my home here. I think the 36/37 traffic woes will continue indefinitely as our community grows, so I would like to see focus on creative solutions to that problem, especially concerning semi trailer traffic through the main part of town.
-  **Anonymous user's Opinion**  
Obviously the roads are in rough shape. We could use a little more retail options downtown. One public service that would be great is curbside leaf removal ie a truck that comes through that sucks up the leaves rather than bagging.
-  **Anonymous user's Opinion**  
I love Delaware but only counted city services as fair because of the appalling snow plowing in residential areas. I have lived in other snow states and Delaware needs to invest in at least more salt if not several more plows.
-  **Anonymous user's Opinion**  
Roads all over are in the worst shape of any city I have ever lived in.
-  **Anonymous user's Opinion**  
Need to engage residents where they live. I can see some evidence of this with park planning meetings near the area of topic but residents don't feel comfortable coming to council meetings. I have talked to residents that don't feel comfortable with this option. The city needs to consider other ways to engage residents.
-  **Anonymous user's Opinion**  
Delaware needs to stop thinking that it is Dublin...city taxes are ridiculous, roads are horrible...First Friday gridlocks the city...and there is very little love or concern for East side residents
-  **Anonymous user's Opinion**  
The condition of East Central Ave. is awful and getting worse. I know the City plans on widening the street and replacing the rail bridge at the Point to accommodate four lanes, but I remain skeptical until I actually see it happen. Should re-name Central to 'Bump Street' or 'Patch Avenue.' Or maybe 'The Street that Time Forgot.' Sorry to be cynical, but I'm fed up with it and moving out from Delaware may be the only solution.
-  **Anonymous user's Opinion**  
Delaware is one of the finest places to live in America. Keep up the good work
-  **Anonymous user's Opinion**  
I wish the YMCA was more affordable. Many good classes I'd like to participate in but we're not members.
-  **Anonymous user's Opinion**  
Roads, especially 37 still suck!! Who ever approved the work done on 37 this summer should be fired! Repairs more rough than the original depression!!
-  **Anonymous user's Opinion**  
Get over not passing the road levy
-  **Anonymous user's Opinion**  
Great place to live. Would like more retail stores vs. restaurants.
-  **Anonymous user's Opinion**  
Looking forward to the completion of many road projects. Not thrilled about Burger King on Central Ave. Personal preference, but a sentiment shared by many other residents in the area.
-  **Anonymous user's Opinion**  
We'd love to have leaf-sucking trucks so we don't have to bag leaves. If Marion can do it, Delaware should be able to do that, too.
-  **Anonymous user's Opinion**  
The DCS employees are frequently not communicating between their departments. This results in a disjointed and confusing experience.
-  **Anonymous user's Opinion**  
Stop allowing apartments and housing complexes to be built.
-  **Anonymous user's Opinion**  
We need a public indoor playground for wintertime, like the Westerville recreation center has.
-  **Anonymous user's Opinion**  
Over development with very poor road planning. The only new dining and shopping outside of the center of downtown are crappy discount stores and cheap unknown fast food. The parking situation in downtown Delaware is abysmal. There are a ton of craft beer/bar type establishments but few places we can eat at as a family with young children. The police department is wonderful. Traffic on 23 is ridiculous. We came from Westerville 12 years ago and regret it regularly. The elementary schools are awful, apart from St.Marys.

**Anonymous user's Opinion**

Delaware is an excellent city overall. I do feel e could use more dialogue with city officials and they could convey projects better to citizens. Also we need a city leader that leads the community, maybe something like a mayor that has leadership skills.

**Anonymous user's Opinion**

Need to do something about parking downtown. Parking garage would be fantastic. Roads need a lot of work. East side as well as West side coming into the city are terrible as far as for back ups. If I was someone from out of town, these back ups would keep me from visiting again. The city wants to add all these developments for new houses and apartments.....but don't do anything about the added traffic these are going to add quick enough.

**Anonymous user's Opinion**

The only thing that would make our lives easier and better is a sidewalk along Stratford Rd that would connect up to Olentangy Ave. There are so many people that walk along this road and considering the speed most people do, it is very unsafe. There is not really a good area to walk along most of the road. I know for us personally we would actually go downtown more if it was safer to walk.

**Anonymous user's Opinion**

No other than I enjoy living in Delaware. We've lived here 23 years.

**Anonymous user's Opinion**

I'm disappointed in the William St. project. The amount of truck traffic coming thru town is unhealthy in terms of air quality and noise, extremely costly in terms of damage to our streets and creates so much traffic congestion. Plain City's bypass was a much better solution. Also, the amount of trash on the streets especially in downtown is unacceptable

**Anonymous user's Opinion**

Can we get Google Fiber in Delaware? That'd be amazing and much needed

**Anonymous user's Opinion**

Need more downtown parking, more restaurants and shopping on the East and West sides of town. Need cut through to Troy Rd. Need fix for the 36/37 split. Great job on getting local activities downtown!

**Anonymous user's Opinion**

Thanks for the survey.

**Anonymous user's Opinion**

I have several. 1.) Find a way to remove the bottleneck of 36/37 going through the center of Delaware. It is killing our infrastructure. 2.) Allow more restaurant chains to locate in Delaware. Thank you

**Anonymous user's Opinion**

The sidewalks in Shelbourne, Hayes Colony & Hayes Colony East are in strong need for repairs.

**Anonymous user's Opinion**

Parking needs dramatic improvement

**Anonymous user's Opinion**

Basic things like tree trimming along sidewalks and fixing giant cracks running parallel on Grand Circuit. Also, snow removal education for home owners needs addressed.

**Anonymous user's Opinion**

Condition of existing roads are fine, but we need more than just 36/37 as the only road in and out of the city. It gets very congested as a result.

**Anonymous user's Opinion**

no

**Anonymous user's Opinion**

Moved here from Lewis Center and we are growing to really enjoy the small town feel of Delaware. However concerns are prominent to safety of our children in the schools so we have decided on private school for elementary at least 2) the lower income parts of Delaware are very close to the "up and coming" parts and it doesn't feel safe after dark 3) property values are increasing but the school rankings aren't 4) the neighborhoods need more patrols out at night 5) less loitering accepted at gas stations such as speedway, planet fitness and the areas by Carlisle ES. This is an up and coming area and I hope that we can lessen the drug users out and about in the areas we want families to be present within.

**Anonymous user's Opinion**

New housing construction along Hyatts Road. Does every empty square piece of land need to be built on? Can there be some spacing in between rows of roofs? How about 1 mile between developments?? How much of Sawmill Parkway openness is going to be paved over with houses or whatever?

**Anonymous user's Opinion**

This probably is not the correct place to state this however the roads in Stratford woods off hawthorn and back in the community are just horrible. I hope our roads could get fixed not just a patch job.

**Anonymous user's Opinion**

The city needs to spend the money fixing the current problems, homelessness, run down buildings and parking.

**Anonymous user's Opinion**

Route 37 from the point to Lake Street needs to be completely rebuilt. Hopefully after Route 36 construction is complete this will be a priority project.

**Anonymous user's Opinion**

Love Delaware's Downtown and First Friday. Love the community vibe. Glad we chose Delaware when we moved to area 3 years ago. Great walking town!

**Anonymous user's Opinion**

Retain the historical aspect of Delaware, that is its downtown charm. Don't be too eager to expand the edges of Delaware commercially. Work on the entrances to the city via 42/London Road and North 23. First impressions for first-timers is crucial. Work on Oak Grove cemetery to replace trees, secure grave markers and repair and respect the old cemetery moved from Selby Stadium...too many markers are down and ignored...these are the city's ancestors...let's respect them!

**Anonymous user's Opinion**

Better and more bike trails please ! Delaware has been behind the curve regarding bike trails for quite sometime. And biking on the sidewalks is dangerous because of their conditions as well as the street trees being untrimmed and causing an additional safety concern.

**Anonymous user's Opinion**

I'm am glad there are no chain restaurants or retail downtown — keep it local. Delaware is a great walkable city. 1st Fridays are a great community / family event. I would like to see more public art around town. I'd also like to see a river walk between William & Central that would help improve the near east side.

**Anonymous user's Opinion**

Lack of adequate roads, and dining options for a city this size. City planners should have addressed major roads bypasses a long time ago instead of constantly increasing the population.

**Anonymous user's Opinion**

The City does a very poor job of communicating with the citizens. Their Income Tax Dept. is pathetic at advising new residents of the fact that there even is an Income Tax and that all citizens have to file it on an annual basis.....unless they are Retired. The bandage street repairs that are attempted seem to not last for more than a month or so....and with the City having the power to request it...WHY DONT THEY ASK THE CONTRACTORS THAT BID ON ROAD WORK TO WORK AT NIGHT WHEN THERE IS FAR LESS TRAFFIC AND IT CAUSES FEWER HEADACHS..... Delaware NEEDS to look at completing a partial outer belt and to keep only delivery trucks and "pups" in the downtown area. If they aren't willing to do that, they need to lower the roadway on West Central so that semi's can drive under the "can opener" at the railroad overpass....allowing for trucks to have more than one way through the city.... Many newer residents I hear talking do not believe that they are getting much quality from the City for the Income Taxes they are paying and think that the management and City Council are clueless as to how to fix the problems. Run the City as if it were a business and make everyone accountable for their work and responsibilities.

**Anonymous user's Opinion**

We love our town. However, the construction in multiple areas all at the same time makes traveling through town very frustrating. The timing of the Rt37/Burger King construction starting right at the same time as school was very unfortunate, along with the tree trimming/road blockage concurrent at 36, making it nearly impossible to leave the west side of town by any route. The east side of town has become a bit unsightly. I'm used to it since we live here, but my parents recently came to visit and my (judgmental) mother made a comment about how run down and horrible it looks coming into town from 71. Ever since then, I look around at all the dilapidated houses and buildings (plus the horrible paving) on the way in on 37 and it's really a shame that it the first look at our town as people are on their way in. Parking is improving and we love the shuttle bus for First Friday!

**Anonymous user's Opinion**

Why encourage a downtown lifestyle when in 10 years it will be gone due to the traffic on 36? You can't sit on a patio without yelling over the semi truck traffic. By widening the roads and making it easier for semi trucks, you encourage our small town lifestyle to crumble. You stole land from the good folks on East William, how long until I have a semi truck 5' from my front door?

**Anonymous user's Opinion**

Answered "No" to question #3 because cars often parked on both sides of street will prohibit fire and EMT vehicles to get to my residence (Tudor Drive).

**Anonymous user's Opinion**

I'm hoping that a rock climbing gym might pop up in Delaware one day.

**Anonymous user's Opinion**

Nice place to live, needs more upscale restaurant's and shopping closer to town. Have to travel to far to go shopping and dining. Use the money from the gas tax to repave St Rt 36 & 37 through both ends of the town. It's a big complaint of mine. These are the major arteries through Delaware and it make our town look like its po-dunk.

**Anonymous user's Opinion**

I could have retired to any city in the world, but I chose the City a Delaware. Absolutely no regrets.

**Anonymous user's Opinion**

Don't spend taxpayers dollars on updating things like polls and signs just to update the look, focus on actual needs

**Anonymous user's Opinion**

I wish we had an organic supermarket in town. I think our community would support one if we did.

**Anonymous user's Opinion**

Need a pedestrian/bike path from Pinecrest through Fairgrounds area to the downtown corridor

**Anonymous user's Opinion**

More E/W roads are needed. Also there should be access from 23 to those housing projects to the north of town that would ease the traffic congestion so some extent. Builders should be required to provide more surface roads prior to adding homes on all building projects. As I see it we will not be able to travel anywhere in the city as well as the county unless serious planning is done on road to handle the increase flow once all these projects are 60% completed. A truck bypass would cut down on some of the traffic issues.

**Anonymous user's Opinion**

Repave Central Ave.!

**Anonymous user's Opinion**

City Council needs to be a better advocate for the people of Delaware.

**Anonymous user's Opinion**

Delaware needs to be very careful to keep infrastructure/services keep up with growth. It may be necessary to require developers to contribute more to be fair to long-time residents.

**Anonymous user's Opinion**

Some of the older houses are in need of attention. Some work is needed on the streets/potholes. I love Delaware and all the quaint shops and restaurants ! Great city to live in.

**Anonymous user's Opinion**

I live in lexington glenn and work in Whitehall (near CMH) and the worst part of my daily drive is driving through delaware. the roads are in terrible condition and all the construction and repaving never seems to do anything. I'm looking forward to the point improvements coming in the next few years though!

**Anonymous user's Opinion**

Love our friendly home-town! Impressed by the massive road, pipe repair/replacement and electric line and pole repair that is taking place. Small inconveniences are being handled well. Thanks.

**Anonymous user's Opinion**

Taxes are ridiculous for where we live.3k a year in an almost 160 year old house. Forcing people who do work but don't make 300k plus out of my own hometown.4 generations of my family have lived here but the next one wont.

**Anonymous user's Opinion**

As a long time resident, I've seen the city services cut way back over the years - especially regarding fall leaf pick up. There was a time that the city picked up piles at the curb, when that ended, the city supplied bags. Then the bags ended. Residents also pay for bulk trash pick up. Would like to see the return of these "tangible" services.

**Anonymous user's Opinion**

Indiscriminate expansion without the corresponding expansion of roads has gotten out of hand. There are times when it takes as long to get across town as it does to get to Columbus, which is outrageous. Also the lack of responsiveness of city government is a distinct black eye on this community.

**Anonymous user's Opinion**

Just moved here from a couple hours away and my wife and I really love it here. We live on the West side of Delaware. The only thing that we would change is the noise coming from Black Wing Shooting Center. I think more soundproofing measures could be implemented without any affect on the events they offer day to day.

**Anonymous user's Opinion**

Love Delaware, Ohio

**Anonymous user's Opinion**

I like so many things about Delaware. I go downtown at least 4 to 5 times a week. I think local for any service or purchase when available. I have struggled with homeless interactions. I respect the larger issue and have no immediate solution. But I do have one immediate opportunity and city requirement. As you do battle with a large social/mental health medical care service issue, please assign one individual every shift first thing to clean the benches of the material, wrappers, and bottles left as part of individuals. I have on two occasions, personally asked for gloves form area business to go outside and clean up, because I was having a business owner from the area or members of a board for coffee or lunch. I was embarrassed and did not want such a simple negative first appearance to ruin my projection of this community. I can not solve homelessness, but you can solve the negative mess every day. please make it a priority. Also, I will be looking thru meeting minutes to better understand what council/administration is doing for the larger problem
