City Hall Access to be Through South Doors Only

DELAWARE – Residents doing business in City Hall will be required to enter the building through the south doors, starting February 1.

The north and west doors to City Hall will be closed to the general public. Signage at both doors will direct visitors and deliveries to the south doors nearest the parking lot.

The changes are being implemented, in part, due to upgrades to the City Hall security systems; pushbutton locks have been replaced with electronic card units. In addition, the need to provide greater control over access was a factor after two independent security audits suggested improved access management.

The south entrance provides access to all City Hall departments and the elevator. The south doors will be open Monday through Friday, 8 am-5 pm, and for all scheduled evening meetings.
