North Sandusky Gas Line Replacement to Impact Traffic

DELAWARE – Columbia Gas will be replacing gas service lines to individual properties along North Sandusky Street, between Pennsylvania Avenue and Fountain Avenue beginning Monday, June 20. Sandusky will be closed to thru-traffic between Heffner Street and Pennsylvania Avenue from June 20–24, and from Heffner to Fountain Avenue June 27 – July 1. During construction, Sandusky will remain open to local traffic and for daily services such as refuse collection and mail delivery. Heffner Street will be open for traffic crossing Sandusky Street at all times, and pedestrian traffic will be maintained. The work is being expedited by Columbia Gas in advance of the City's Sandusky Street resurfacing project planned for July. Questions may be directed to project representatives Melvin Robinson of Columbia Gas – (614)206-1813 or Mike Seifert of Miller Pipeline – (614)800-1086
