Citywide Street Sweeping to Begin June 1

DELAWARE- Citywide street sweeping begins Monday, June 1 and will require approximately eight weeks to complete. Weather permitting, sweeping activity will occur between 8 am and 5 pm. Signage will be posted at key entrances to the area undergoing sweeping activity to alert motorists and residents of the activity.

- Vehicles should not park on the street during activity hours so the sweeper can reach the curb.
- Do not blow or rake leaves or yard waste into the roadway in advance, as this will inhibit the sweeping process.

Questions regarding the program may be directed to the Customer Service Request Line at 740-203-1810.
